

# WHO REPRESENTS US? CERTAINLY NOT THE ZIONIST PRESS!

It was with great dismay that we came across an article "Did Those Who Voted For The AWACS Represent Us" in a weekly that dares call itself "Jewish" Press (Nov. 6 edition) containing a venomous and despicable tirade against our President.

We as leaders of hundreds of congregations, with membership of over a hundred thousand constituents, publicly dissociate ourselves entirely from this and any similar articles and statements from time to time in the Zionist controlled Anglo-Jewish press or uttered by those who presume to represent the entire Jewish community.

We are bound by Divine Edict to be loyal to the countries wherein we resides and are enjoined from having any nationalistic aspirations or founding a sovereign state before the Divine Redemption.

We want to express our deep dismay at the defamation of our President, and take this opportunity to express our trust in his sincerity leading towards the best interests of our country and all its inhabitants.

We close with the traditional prayer for Divine guidance in all the endeavors of our President and Government.
